L-Università
ta' Malta

With its ambitious targets and long-term strategy, SEA-EU is training the next generation of Europeans who will be the future agents of anticipated societal changes.

UBO is one of the 16 French institutions who were winners of the 2019 **“European University”** call for projects with 5 European partners: the universities of **Cádiz, Gdansk, Kiel, Malta and Split**. This partnership promotes physical and virtual mobility for students and staff.
