
INFORMATION ON THE IMPLEMENTATION OF THE DEVELOPMENT STRATEGY OF THE STATE UNIVERSITY OF APPLIED SCIENCES IN NOWY SĄCZ FOR 2014-2020

PAŃSTWOWA WYŻSZA SZKOŁA ZAWODOWA W NOWYM SĄCZU

IMPORTANT IN SUSTAINABLE

- As part of sustainable development, the university must be socially responsible for the student, graduate, research, teaching and administrative staff.
- Universities do not function in a vacuum, they are also part of the labor market.
- Developing partnership of the academic community for the development of social responsibility of Polish universities and shaping the mission of higher education in Poland based on the principles of sustainable development.
- Voluntary commitment of universities to promote the idea of sustainable and social development responsibility in educational programs, research, and management and organizational solutions of universities.
- Building a broad social awareness of the role of universities in shaping conditions for sustainable development socio-economic country.

UNIVERSITY MISSION

- The State University of Applied Sciences in Nowy Sącz, from the moment of its establishment, has been developing education with a practical profile in full-time, part-time and postgraduate studies in many areas of knowledge.
- The university creates conditions for educating talented youth close to their place of residence, meeting the intellectual aspirations of the region's inhabitants and the dynamic needs of the modern labor market.
- We also create opportunities for continuing second and third cycle studies, studies at domestic and foreign universities. In this area, we draw the best practices from recognized universities in Europe, actively participating in academic international cooperation.

THE LEVEL OF EDUCATION PROVIDES UNIVERSITY GRADUATES COMPETITIVE POSITIONS ON THE LABOR MARKET.

As part of activities supporting sustainable development of the University, the University undertakes local activities such as:

- Constantly monitors the labor market and the development of enterprises so that our graduate is also its creator.
- The lifelong learning offer was adjusted to potential audiences of different ages.
- Consulting with external institutions draft study programs (with supervisory staff, employers: school principals, local governments, business, health service).
- New cooperation agreements were signed with workplaces of the local environment regarding training needs for employees and the current cooperation was continued. Uruchomiono nowe kierunki studiów po konsultacji z lokalnymi przedsiębiorcami

The University has an integrated Education Quality Assurance System which strengthens the position of graduates on the competitive labor market.

These activities translate into global sustainable development

THE UNIVERSITY FULFILLS AN OPINION-CREATING ROLE IN THE ENVIRONMENT AND A SIGNIFICANT ROLE IN CREATING THE PROCESSES OF INNOVATIVE DEVELOPMENT OF SOCIAL AND ECONOMIC ENTITIES YOUR ENVIRONMENT

- Teams were established to cooperate with partner schools, national and foreign universities as well as socio-economic institutions, organized joint ventures with these partners and promoted the University
- The University's representatives participated in the preparation of the Nowy Sącz City Development Strategy and the Assessment of the Activity of the Nowy Sącz Commune.
- The university cooperates with units of the socio-economic environment (local government, business, secondary schools, etc.).
- Cooperation with Sandecja - Municipal Sports Club (football) in the field of joint research. The Institute of Physical Culture of Sport carried out a joint research project "Effect of the sauna on the change in plasma volume, erythropoietin concentration and total hemoglobin mass".

OWN RESEARCH STAFF ON RECOGNIZED ACHIEVEMENTS

- The university supports the development of research employees by financing research and development grants under its Own Scholarship Fund.
- The university finances doctoral theses and habilitation of employees.
- The amount of own funds allocated to financing own research was increased.
- Employment of own teaching staff was increased.

THE MATERIAL BASE OF THE UNIVERSITY PROVIDES THE GROWING RESEARCH AND EDUCATIONAL NEEDS.

- In 2019, the Medical Simulation Center at the State University of Applied Sciences in Nowy Sącz was opened. The main element of the designed building are simulation rooms that enable conducting classes with the use of advanced medical simulators in rooms similar to hospital rooms (Intensive Therapy Patient Room, HED Patient Room, Obstetrics and Neonatal Room with Intensive Therapy Room) and pre-hospital simulations (activities at home, field during transport - ambulance - ambulance simulator).

Thanks to the subsidy obtained in the amount of PLN 2,575,000 and own funds invested in the amount of PLN 4,000,000 - a facility with a usable area exceeding 820 m² was created.

The Medical Simulation Center houses:

- 1) a medical emergency room with a simulator of a well-equipped ambulance and a SOR room, which will be used by students of the Medical Emergency Department
- 2) Monoprofile Medical Simulation Center for students of Nursing.

The Medical Simulation Center will allow to recreate clinical situations in teaching laboratories, serving to improve the quality of education, primarily in the field of nursing

The project is implemented in partnership with Specialistic Hospital of the name Jędrzej Śniadecki in Nowy Sącz

THE UNIVERSITY IS AN IMPORTANT LINK IN THE NETWORK OF COOPERATION OF NATIONAL AND FOREIGN UNIVERSITIES

- Under the contract with the University of Mendel in Brno, the possibility of preparing joint research projects was considered, a consortium was created in connection with the submission of a research application with the Faculty of Technical Sciences of the University of Brno and the Institute of Gas and Oil Technology.
- Cooperation was established with national universities: Rzeszów University of Technology, Medical University of Piastów Śląskich in Wrocław, with the Academy of Physical Education. Eugeniusz Piasecki in Poznań,
- The university organized / co-organized, among others:
- International Scientific Conference "Industry and transport systems", Lviv, Ukraine
