**Cadiz University has
thousands real and
sucessful mobility
stories**

A large group of diverse students, likely from various international backgrounds, are posed in a courtyard or plaza. Many of the students are waving at the camera. They are dressed in casual attire, and some are wearing traditional or patterned clothing. The background shows a paved area and some architectural details of a building. The text is overlaid on the image in a large, bold, white font with a dark blue outline. The word 'Thanks' is on a separate line, partially obscured by a light green, torn-edge banner.
