Tradition

State University of Applied Sciences in Nowy Sącz is a state and public school, established by Polish Government order on 16 June 1998 as one of the first schools of this type in Poland. From October 1, 2022, the university changed its name to the **University of Applied Sciences in Nowy Sącz.**

Authorities

dr Marek Reichel
Vice Rector for Science
and Development

dr Halina Potok
Vice Rector for Students Affairs

Rector
dr hab. inż Mariusz Cygnar, prof. ANS

Studies

Full-time studies on 1st level are free and last 3 years (bachelor) or 3,5 years (engineer).

Full-time studies on 2nd level are also free and last 1,5 - 2 year depending on chosen specialization.

Full-time master's studies usually last five years and are tantamount to obtaining a master's degree.

University also offers part-time studies in the external system, as well as post-diploma studies and vocational courses.

Studies

Graduates on 1st level are awarded the licentiate (BA) or engineer diploma (BSc Eng.), which is the first stage in the two-stage model of higher education. The acquired qualifications and the diploma enable the graduates to work in their profession and continue higher education.

Graduates on 2nd level are awarded the master diploma (MA).

Structure

Rector`s office

Faculty of Economic Sciences

Faculty of Engineering Sciences

Faculty of Health Sciences

Faculty of Humanities

Field of study: Physiotherapy (Full-time master's studies)

Field of study: Internal security (BA)

Laboratory of cryotherapy and hypoxia

Football team players during a visit to the cryogenic chamber

Faculty of Social Sciences and Arts

Field of study: Pedagogy (MA) Full-time master's studies

Field of study: New media design (MA)

• **Field of study: Graphic design and visual technologies (BA)**

• **Field of study: Art Education (BA)**

Modules:

• **Visual arts with digital image creation and photography**

• **Field of study: Public relations and advertisement (BA)**

Faculty of Engineering Sciences

I degree

Field of study: Management and production engineering (BSc Eng.)

Modules:

- Mechanical engineering
- Food technology
- Ecoenergetics

Field of study: Mechatronics (BSc Eng.)

Modules:

- Car mechatronics
- Applied mechatronics

Field of study: Information technology (BSc Eng.)

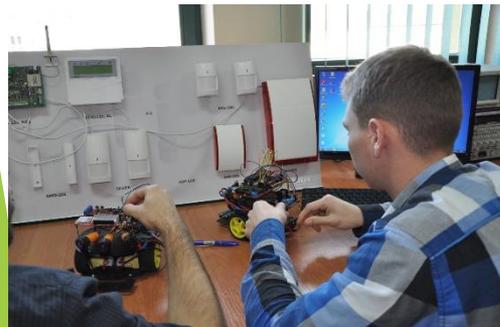

Modules:

- Applied IT

Field of study: (BSc Eng.) Transport and logistics

Modules:

- Transport engineering and shipping
- Logistics of production process

Faculty of Engineering Sciences ***(MSc)***

Fields of study:

Management and production engineering (MSc)

Modules:

- **Reconstruction engineering**
- **Production technology and exploitation the technical systems**

Mechatronics (MSc)

Modules:

Bionics in mechatronic systems

- **Vehicles and machines mechatronics**
- **Mechatronics in production systems**

Fields of study: Information Technology (MSc)

Modules:

- **Computer systems programming**

International cooperation

University of Applied Sciences in Nowy Sącz cooperates also with foreign universities outside of Erasmus Programme: exchange of students and academic teachers, development of joint scientific projects, participation in academic meetings and conferences, as well as joint academic publications.

Erasmus+ Programme

**University of Applied Sciences
in Nowy Sacz cooperates with
over 40 universities in European
Union within students and teachers
mobility and with many companies
offering student internships.**

Cooperation with local environment

- **Volunteer work for many organizations and institutions**
- **Cooperation with local authorities**
- **Cooperation with Polish universities**
- **Cooperation with primary and secondary schools**
- **Cooperation with local companies (industry, business, art, sport)**

Students activity

Students of State University of Applied Sciences in Nowy Sącz are very active, they work in many local organizations:

- **Students Government**
- **Students Scientific Associations**
- **Students Sport Organization**
- **Students Art Groups
(theatre, art and music groups)**
