NUSTPB Branches

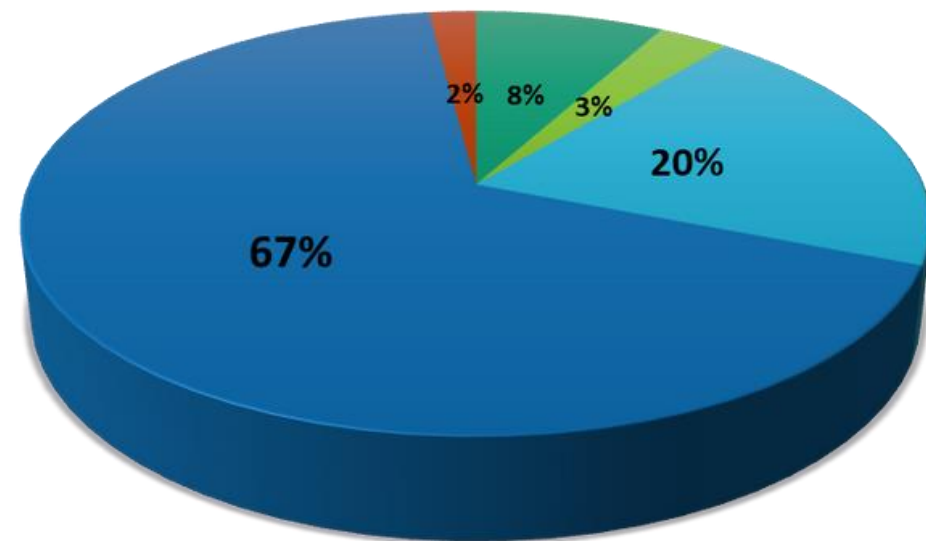

▶ The Bucharest Branch is the largest and oldest technical university in the country. Since its foundation in 1818, it has been a scientific and cultural hub, preparing specialists in computer science, electronics, aerospace, chemical engineering, applied science, robotics, power engineering, mechanical engineering, industrial engineering and many more.

▶ The Pitești Branch has been recognized since its foundation in 1962, as the main source of highly qualified specialists in various fields like science, arts, philology, law, economics, automotive engineering and sports.

Grown locally, spread internationally

Collaborating with universities from over 100 countries

Over 320 MoUs

■ North America ■ Central & South America ■ Asia ■ Europe ■ Africa

3480 euro

PhD Programme Humanities&Sports per
Academic Year

2160 euro

Language Courses

- 1 Japanese
- 2 Portuguese
- 3 Spanish
- 4 German
- 5 Romanian Language Preparatory Year

The Romanian language course is an intensive 2-semester program which intends to get foreign students acquainted with various elements of specialized language, depending on the profile chosen in Romanian (technical, economics, philological, judicial, medical terms), and getting them used to the correct use of certain structures specific to specialized language, increasing linguistic competence and performance by imposing the learning of specialized terms.
