

Instruction for the online application

Erasmus+ KA171

2025-26 academic year

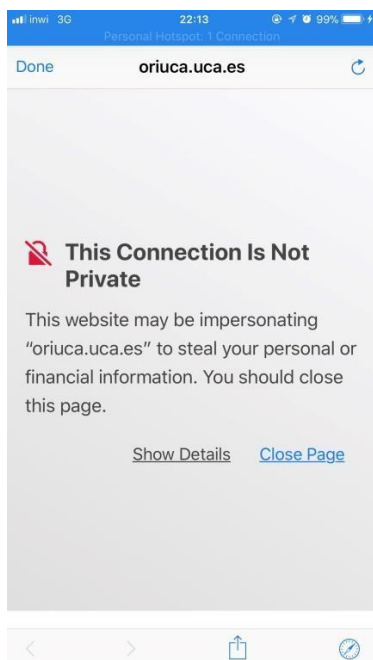

2nd semester

All the nominated and accepted students have received an individual link to do the registration online. If the student is nominated by the Partner University and accepted by the UCA, but has not received the email with the link from erasmus.ka107.incoming@uca.es, he/she should check the spam folder and if he/she doesn't have the email there, urgently to write to erasmus.ka107.incoming@uca.es

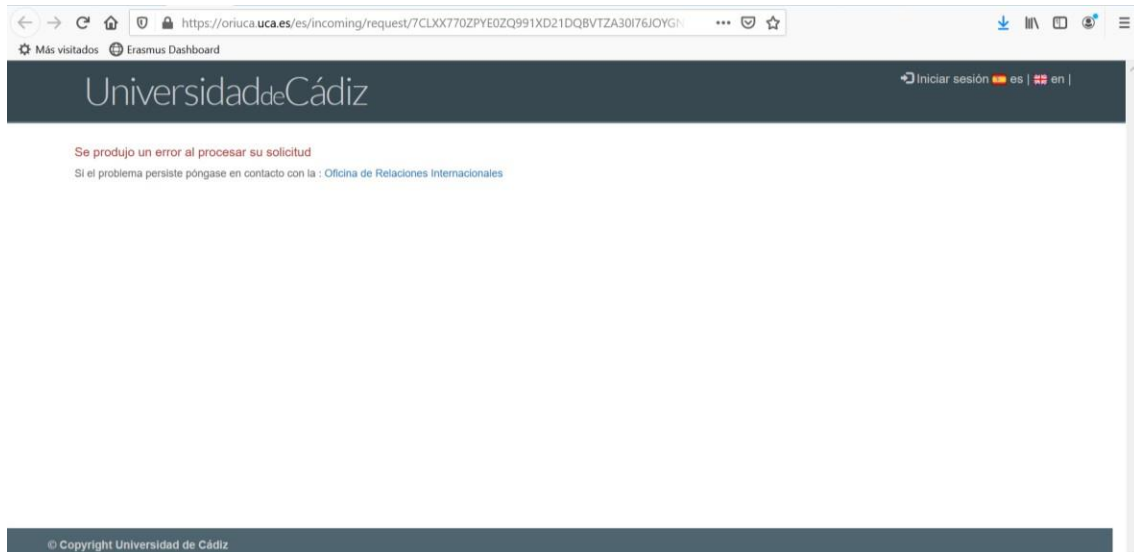

The online form will be open till **10/12/2025 (included)**. If the student has filled in the form and do not have all the documents to attach, he/she should press **Guardar/Save** and the page will save the information. Later the student can enter the same link and continue filling in the form and uploading the documents. **The student will not be able to change any information in the form only if the student has sent it.**

The link is **different for each student**, so if you have any problem when you have sent your registration form, please, write to erasmus.ka107.incoming@uca.es. **You cannot use the link of your friend: it will have his/her personal information.**

Some students have informed us about one problem about the registration:

This is a problem related to the permission of the explorer the students are using to fill in the form. If the students have this message, please, click on “Show details” and include this webpage as exception and give the permission to enter it. We guarantee this is UCA’s page.

Please, use another internet browser. Try with Google chrome.

Instructions to fill in the form

If you have filled in the form and do not have all the documents to attach, press ***Guardar/Save*** and the page will save the information. Later you can enter the same link and continue filling in the form and uploading the documents. **You will not be able to change any information in the form only if you have sent it.**

You can change the language from Spanish to English on the right top corner
