University of Applied Sciences

TOPIC: THE INTERNATIONAL STUDENT LIFE CYCLE

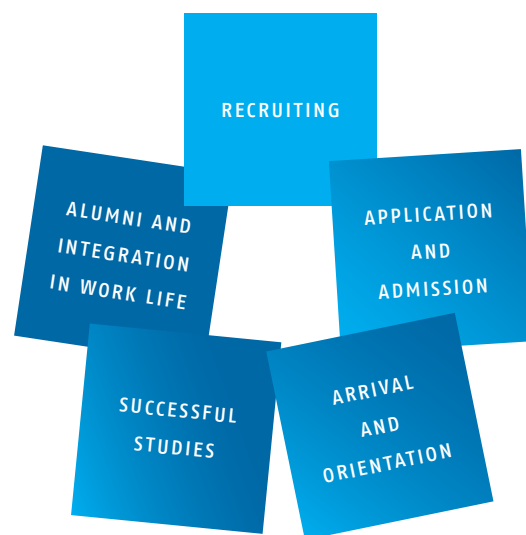

WE HAPPILY LOOK FORWARD TO ANOTHER INTERNATIONAL GATHERING ON OUR CAMPUS IN KEMPTEN, IN DECEMBER 2025.

We will share a thorough look at the international student life cycle and trigger lively discussions. The various stages of international students' academic journeys, from recruitment and onboarding, during their studies to integrating into working life entail numerous benefits, but also challenges for students and universities alike.

WE WARMLY INVITE YOU TO SPEND A WEEK IN THE BEAUTIFUL REGION OF ALLGÄU.

Come and share your expertise with global partners and our staff. We will not only gain new insights and gather valuable ideas, but also take ample time to network and get to know one another better.

Activities such as workshops, presentations and excursions will create the framework for in-depth discussions and exchanging knowledge on how to develop or improve our mindsets, services and daily routines.
